City Manager Report

To: Mayor and City Council

From: Steve Rasmussen, City Manager

Date: August 31, 2020

Re: Manager's Report

Covid-19 Protocol. While our Four-County Area has remained relatively isolated from the pandemic, there are good reasons to increase our vigilance so as to remain so. As a result, a more detailed protocol has been established for the Staff at City Hall. We have included this in the Council Packet for everyone to see and we are asking for as much cooperation with this as possible.

August 17th Ribbon Cutting. The ADA Fishing Deck at Sunrise Lake that the City partnered on with Rotary Club is nearly finished. As a reminder, Rotary plans to hold their Monday September 21st meeting at the deck. There will be a ribbon cutting celebration there at 12:30 and the Public is invited.

Community Projects Work Session. In order to move forward with the Community Projects that are a part of this year's Draft Budget, staff would like to suggest that we conduct a Council Work Session on Monday, September 14th to discuss the current list of possible projects.

Building Safety Work Session. Goal Number 5 from the 2019 Goal Setting Session was "Establish a New Inspector Position." Staff has prepared a recommendation on this, but delayed further discussion until after the 2020 Goal Setting Session. Recent building safety events have emphasized the urgency of meeting this goal. Staff would therefore also like to suggest that we conduct a New Inspector Work Session on Monday, September 28 to discuss this issue.
