RE: Alliance Water Resources Agreement

Purpose

The City's wastewater plant is operated on a day-to-day basis by Alliance Water Resources, based in Columbia, Missouri. Each year, Alliance Water Resources submits a proposed amendment to the City that will begin on October 15th and end the following year on October 14th. The proposed annual fee for contract operations for the 2022-2023 fiscal year for the wastewater treatment plant is $492,372. This is an increase from last year's agreement of 9.5%. Additional funding was needed for increased costs of chemicals and materials.

Included in the contract price is $34,900 for various maintenance and repair items. Any money left in these line items at the end of the contract year, will be refunded to the City.

Recommendation

Staff recommends the following ordinance be passed and approved authorizing the proposed agreement with Alliance Water Resources. The full proposed contract amount will be taken into consideration when preparing the FY23 Budget.
