City Manager Report

To: Mayor and City Council

From: Steve Rasmussen, City Manager

Date: March 6, 2023

Re: Manager's Report

Griffin Road Update. Progress is moving along as fast as possible with the Griffin Road improvement, but there are some small road-bumps along the way. I will ask the Public Works Director to give Council an update.

City Manager Absence. Both Zac and I will be out of the office on Friday, March 17, but will of course be available by phone. In our absence I have ask Eric Stevens to serve as Acting City Manager for that day. Please direct your very toughest questions to him.

Mid-Session Update and Call to Action. MML reports that there are over 60 bills and resolutions pushing exemptions from local sales and property taxes. This has devastating effects on the many activities that we and all other local governments are engaged in. MML recommends that we reach out personally and individually to our legislators.
