# MISSION/VISION/VALUES

## **Mission Statement:**

To enhance life by protecting and serving the citizens, preventing crime and enforcing the law with equity.

## **Vision:**

To ensure a safe and secure community. (Developed in 2006 by the Police Department and our citizens.)

## **Core Values:**

**Fair, but firm:** We expect our employees to be fair in all their dealings with citizens and visitors. However, we must be firm when enforcing the laws of the United States, State of Missouri, and the City of Cameron.

**Integrity:** We expect our employees to have the utmost integrity and never take advantage of their position, citizens, or visitors. In doing so, they will never disgrace the badge or their oath.

**Leadership:** We expect all of our employees to show leadership, not only within the department, but also in the community with their involvement in community activities.

**Dedication:** We expect our employees to be dedicated to public service, dedicated to their duty and most importantly dedicated to the safety and protection of our citizens and visitors.

**Enthusiasm:** We expect our employees to show enthusiasm in the performance of their duties, their interactions with the public, and their service to the community.

## A NOTE FROM THE CHIEF

Welcome to the 2015 Annual Police Statistics Report! We had some new faces at our department this past year with two vacated positions in the Communications Center and two vacated positions in our Road Patrol Division. I am very happy with our hiring process and the addition of our four new members to the team. Our first new hire is Kylie VerHagen who previously worked for the DeKalb County Dispatch Center. Our second new hire in the Communications Center was Susy Salcido. In the road Patrol Division, we hired Justin Ward who previously worked as a Deputy with the DeKalb County Sheriff's Department. Our second new hire was Kyle Glazebrook who previously worked for the Unionville Police Department.

Detective IB Fugate III celebrated his 10 year anniversary and was also recognized at the City of Cameron's winter meeting. IB previously worked for the Hamilton Police Department and North Central Drug Task Force before accepting a position with the Camron Police Department. IB was later promoted to the rank of Detective in 2013 and is currently assigned to the Detective's Division.

SRO Chris Proctor celebrated his 10 year anniversary and was also recognized at the City of Cameron's winter meeting. Chris previously worked for the Andrew County Sheriff's Department before accepting a position with the Cameron Police Department. In 2009, Chris was assigned as the School Resource Officer and he also teaches the D.A.R.E. program in the Cameron School District.

Steaven Smith celebrated his 10 year anniversary and was also recognized at the City of Cameron's winter meeting. Steave previously worked for the Rock Port Police Department before accepting a position with the Cameron Police Department. Steave was previously the Department's Defensive Tactics Instructor.

In 2015, our communications center went through a complete remodel. We have been located in our Police Station for 20 years. Our dispatch center remodel was completed in the summer and went from a two person work area to a four person work area. We also received a new 911 system which was purchased by the ACCD 911 board.

The Cameron Police Department staff looks forward to another year of working with our community, and always strives to provide the best service possible.

*~Rick Bashor, Chief of Police*

Racial Profiling is defined as the inappropriate use of race by law enforcement when making decision to stop, search or arrest a motorist. Law Enforcement agencies must report to the Attorney General's Office who must then submit the data to the Governor annually. The Governor may withhold funds from any agency that does not comply.

# K9 STATISTICS

K-9 Ex is the current canine for the Cameron Police Department. K-9 Ex, or “Ex Man,” is a seven year old German Shepherd and has been with the Cameron Police Department since he was one. K-9 Ex is known by area law enforcement as being reliable and very methodical. K-9 Ex is trained in narcotics, tracking and police protection. K-9 Ex and his handler, Officer Kirkendoll, have received national certifications for narcotics detection through the North American Police Working Dog Association (NAPWDA).

Due to an injury received off-duty, Officer Kirkendoll was unable to work for an extended period in 2015 (May through September). Since returning to full duty in September, Officer Kirkendoll and K-9 Ex are now both back up to speed and once again providing K-9 services to the Cameron Police Department and other agencies as requested.

## K9 Incidents/Assists

# INVESTIGATIONS / DETECTIVES

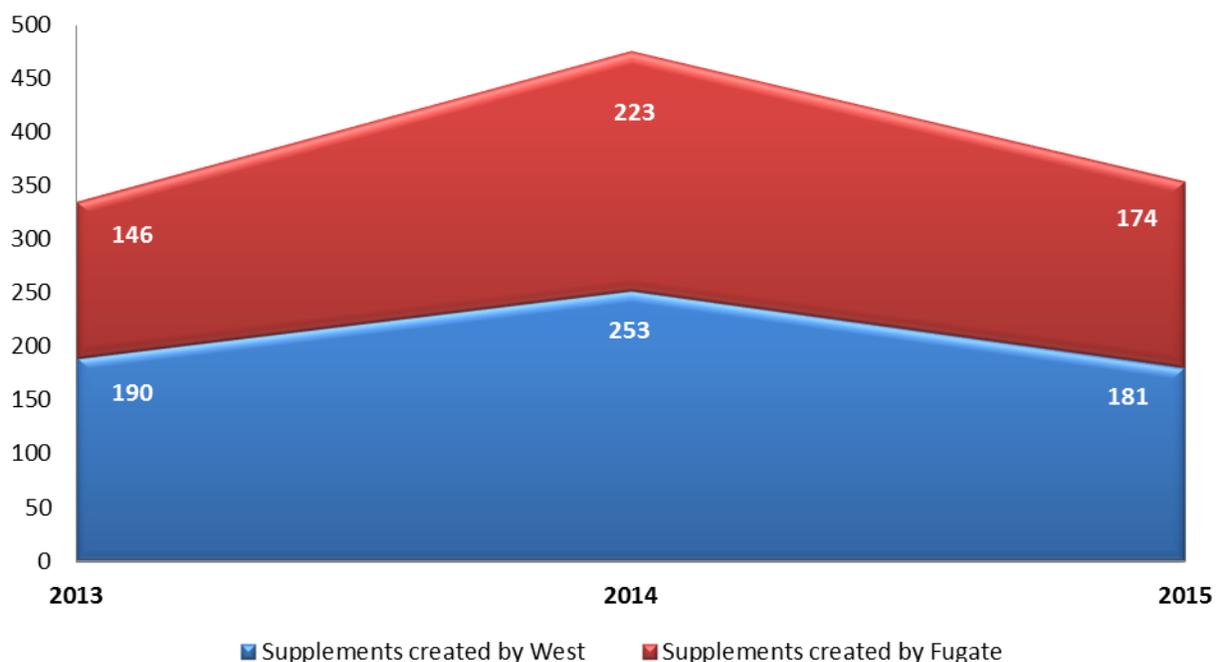

The Cameron Police Department Detective Division attended the 2015 Missouri Investigator's Conference. At the conference, Detectives selected various classes to attend such as child death investigation, internet crime investigations, sovereign citizens and case preparation. This year, the Detectives will continue to train and hone the skills they've acquired for the betterment of the community.

The Detective Division has applied for and received MoDOT Grants the past three years. The MoDOT grant money allows Officers to patrol highways within the city limits in hopes of reducing the number of hazardous drivers. By reducing the number of hazardous drivers, it is our hope that the number of injury accidents and fatalities will decline. This year, along with overtime funding to work the grant, the Cameron Police Department also received a five-screen Stalker radar.

Detectives have continued their information sharing through their monthly intelligence flyers. The list of agencies that receive the monthly flyer has grown immensely including various municipalities and Sheriff's Departments as well as State and Federal Offices. Detectives have discovered that the information flyers are a way for Officers to share information with one another when it comes to crime trends and events in the area.

In 2015, Detectives continued to work closely with the Patrol Division by following up on leads and various cases. Detectives have been busy following leads on a wide variety cases such as sexual assaults, burglary and vehicle thefts. The Detective Division also completed a murder investigation which is currently pending in the court system.

Detectives initiated 51 cases and contributed to another 89 cases in 2015. Altogether, Detectives have written 355 narrative reports and as a result have brought resolution to 56% of the cases they've been involved with in 2015.

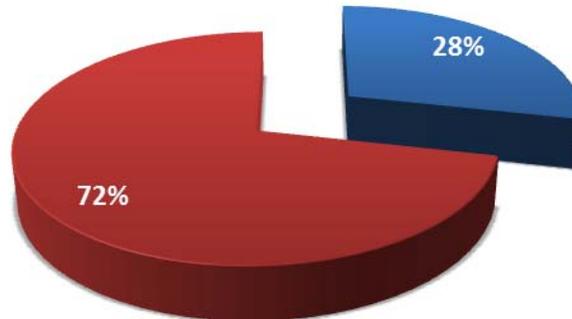

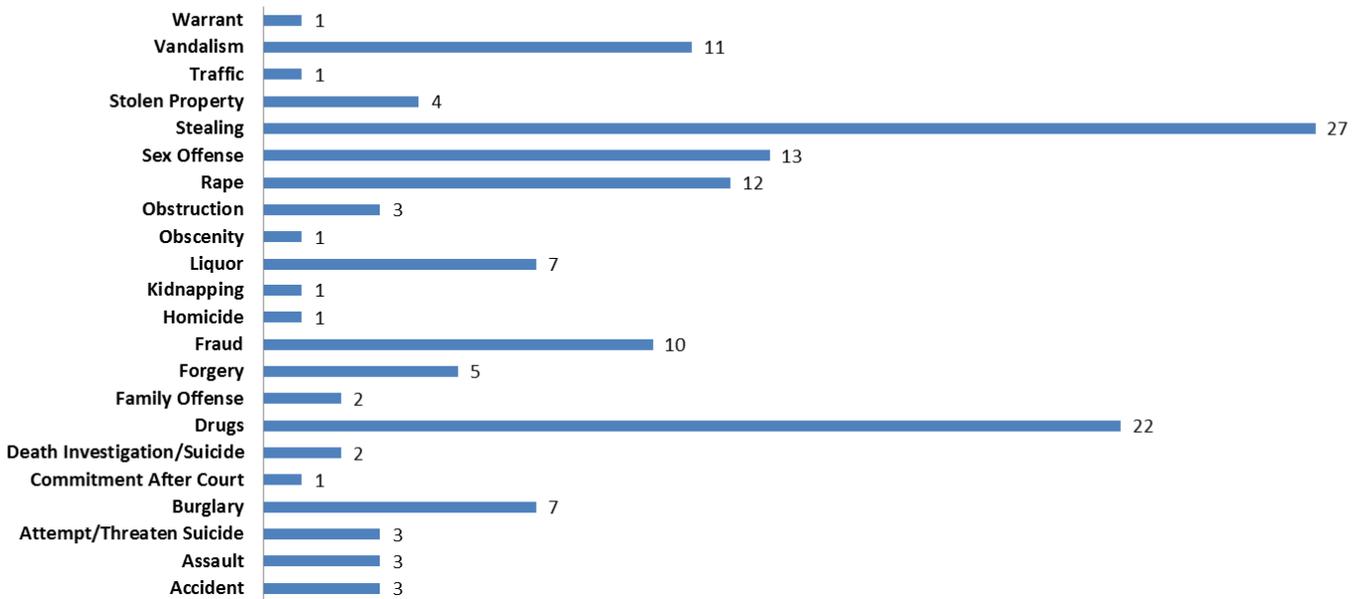

# INVESTIGATIONS / DETECTIVES

## Detective's Report/Supplemental Breakdown

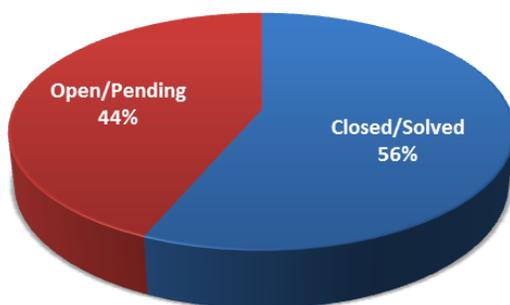

■ Detective Initiated Reports    ■ Other Officer's Reports

## 2015 Reports Investigated by Detective Division

## 2015 Case Resolution

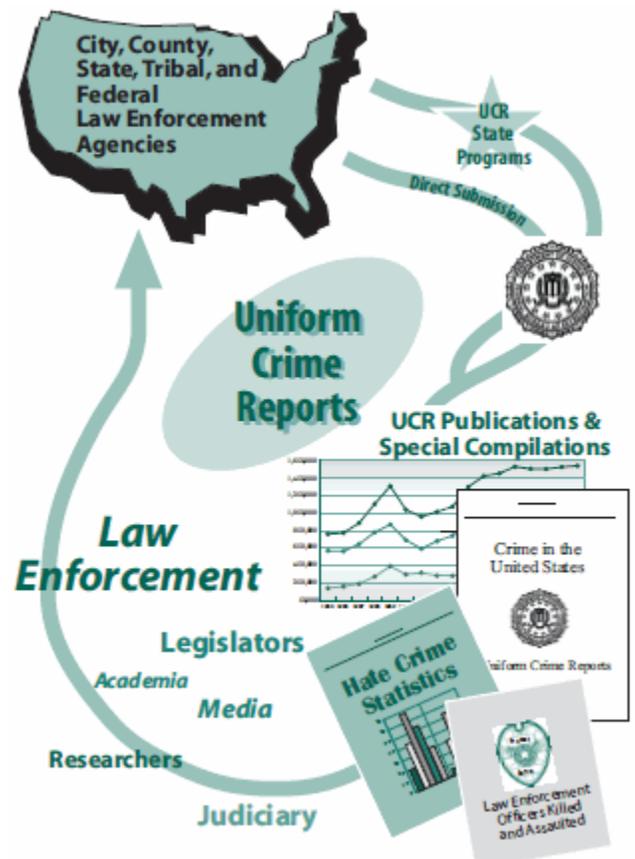

**\*\*The types of reports investigated by the Detective Division may not match the annual category breakdown of the Patrol Division due in part to the Detective Division's continuing to work open cases from previous years.**

# UNIFORM CRIME REPORTING (UCR)

Uniform crime reporting is a collective effort on the part of city, county, state, tribal, and federal law enforcement agencies to present a nationwide view of crime. Agencies throughout the country participating in the Uniform Crime Reporting (UCR) Program provide summarized reports on eight Part I offenses known to law enforcement and reports on persons arrested. They also provide information about law enforcement officers killed and assaulted and on hate crime. For the most part, agencies submit crime reports monthly to a centralized crime records facility within their state. The state UCR Program then forwards the data, using uniform offense definitions, to the FBI's national UCR Program. Agencies in states that do not have a state Program submit their statistics directly to the national Program. The FBI compiles, publishes, and distributes the data to participating agencies, state UCR Programs, and others interested in the Nation's crime data.

The UCR Program has expanded in scope, importance, and size since its inception over seven decades ago. The Program began with law enforcement agencies in 400 cities from 43 states submitting crime data in January 1930 and now encompasses approximately 17,000 law enforcement agencies nationwide that voluntarily contribute their crime statistics. Without the support of these city, county, state, tribal, and federal agencies, the Program could not fulfill its mission to generate a reliable set of crime statistics for use in law enforcement administration, operation, and management. The completeness and accuracy of each agency's crime reporting is crucial to a wide variety of data users so that they can understand crime, formulate policies, make strategic and operational decisions, and conduct criminological research and analysis.

# UCR PART I CRIMES

CRIME	2011	2012	2013	2014	2015
Homicide	0	0	0	0	2****
Rape	3	-2*	10***	9	9
Robbery	1	1	3	1	1
Assault	173	203	219	257	227
**Part I + Simple Assaults					
Burglary	38	49	30	20	27
Vehicle Theft	7	6	3	5	7
Stealing	172	161	133	123	120
Arson	3	2	3	4	0

\*Follow up investigation in 2012 determined that 2 rapes reported in 2006 were ‘unfounded’, meaning no rape occurred.

\*\*For UCR, only aggravated assaults are considered Part I crimes. However, simple assaults (defined as not resulting in serious physical injury) are included in this report to give a more complete look at the number of assaults. The actual breakdown in 2015 was 29 Aggravated Assaults and 198 Simple Assaults.

\*\*\*In 2013, the FBI updated its 80 year old definition for rape. The increase in rapes reported is due in large part to this expanded definition.

\*\*\*\*An aggravated assault reported in 2014 was updated to a Homicide. As a result, the aggravated assaults were reduced and the homicides were increased in 2015 when the situation was discovered per UCR rules.

## UCR Part I Crimes—Clearance Rates

CRIMES	2015 COUNTS	2015 CLEARANCED	% CLEARED
Homicide	2	2	100%
Rape	9	0	0%
Robbery	1	1	100%
Assault	227	53	23%
Burglary	27	1	3.7%
Vehicle Theft	7	2	28.5%
Stealing	120	26	21.6%
Arson	0	0	n/a

Part I offenses can be cleared either by arrest or ‘exceptional’ means. An offense is cleared by arrest, or *solved* for crime reporting purposes, when (1) at least one person is arrested, (2) charged with the commission of the offense, and (3) turned over for prosecution (whether following arrest, court summons, or police notice).

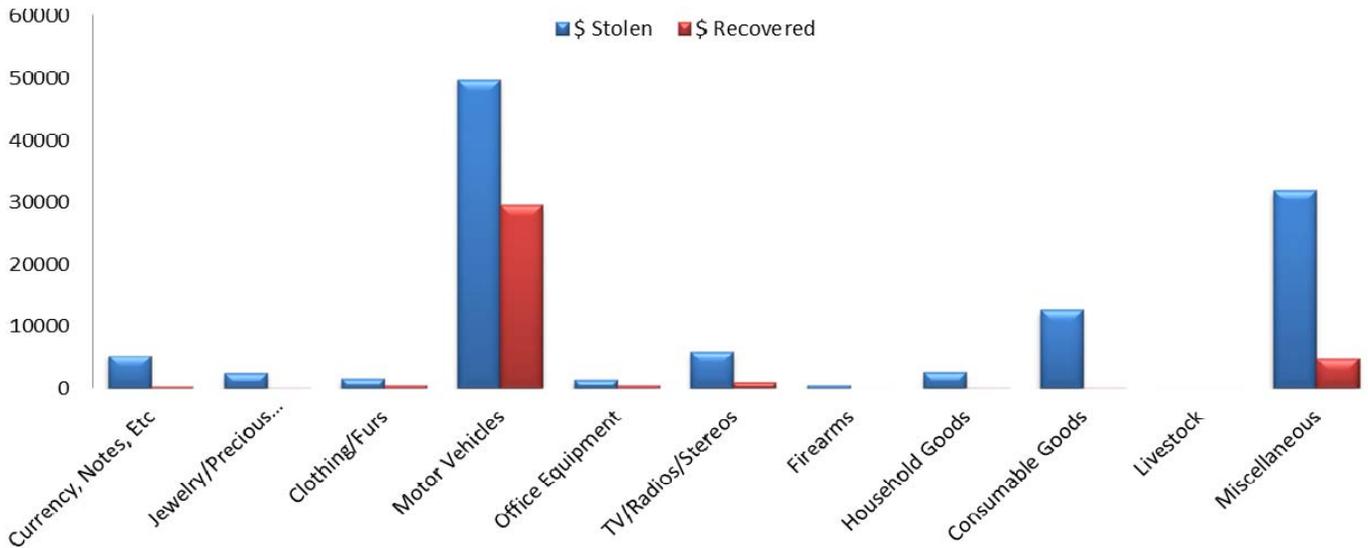

# UCR PROPERTY SUPPLEMENT

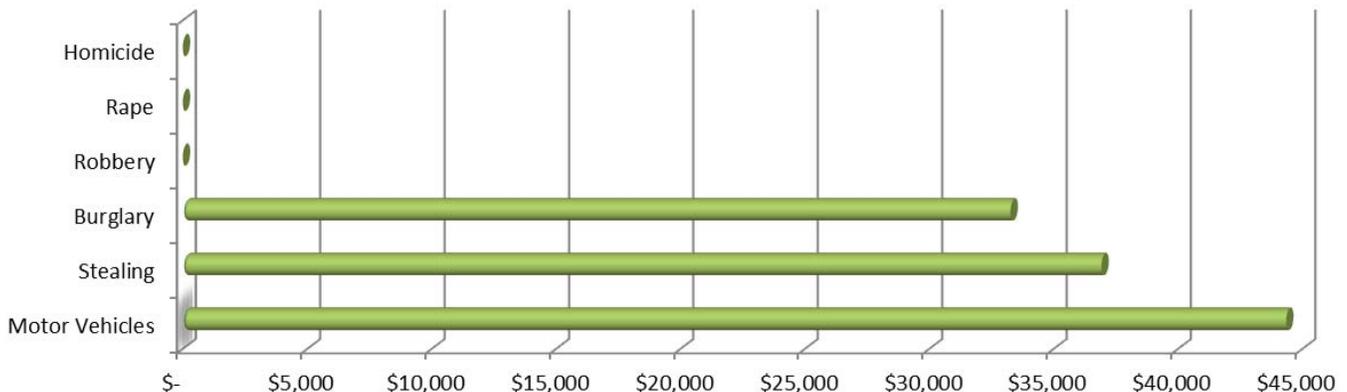

The Property Supplement Report to UCR is an evaluation of the types and value of property stolen and recovered. This report also looks at the property stolen as associated to various Part I Offenses. UCR Statistical data and reports are available online to the public for the entire State of Missouri at <http://ucr.mshp.mo.gov>

Property Type	\$ Stolen	\$ Recovered	% Recovered	Property Type	\$ Stolen	\$ Recovered	% Recovered
Currency, Notes, Etc.	5,333	440	8.3%	Firearms	600	0	0%
Jewelry & Precious Metals	2,528	10	.4%	Household Goods	2,590	118	4.5%
Clothing & Furs	1,647	612	37%	Consumables	12,726	193	1.5%
Motor Vehicles	49,700	29,500	59%	Livestock	0	0	n/a
Office Equipment (computers)	1,478	599	41%	Miscellaneous**	32,017	4,803	15%
TVs, Radios, Etc.	5,928	1,036	17.5%				

\*\*Miscellaneous property encompasses all types of property not included in the other categories.

Communications Officers must complete a comprehensive training schedule during their first six months including at least six weeks of on-the-job training with a qualified communication officer before they are able to work solo. Required training & certification includes:

- MULES Certification (40 hours)
- Emergency Medical Dispatch (EMD) (24 hours)
- Basic Telecommunicator (40 hours)
- CPR Certification
- HazMat Basic Awareness Training
- FEMA/Emergency Mgmt Institute Courses (ICS)
- ICS-100 Introduction to Incident Command
- ICS-200 for Single Resources and Initial Action Incident
- ICS-700 National Incident Management System (NIMS)
- ICS-704 NIMS Communication & Information Mgmt
- ICS-247 (IPAWS) Integrated Public Awareness & Warning System

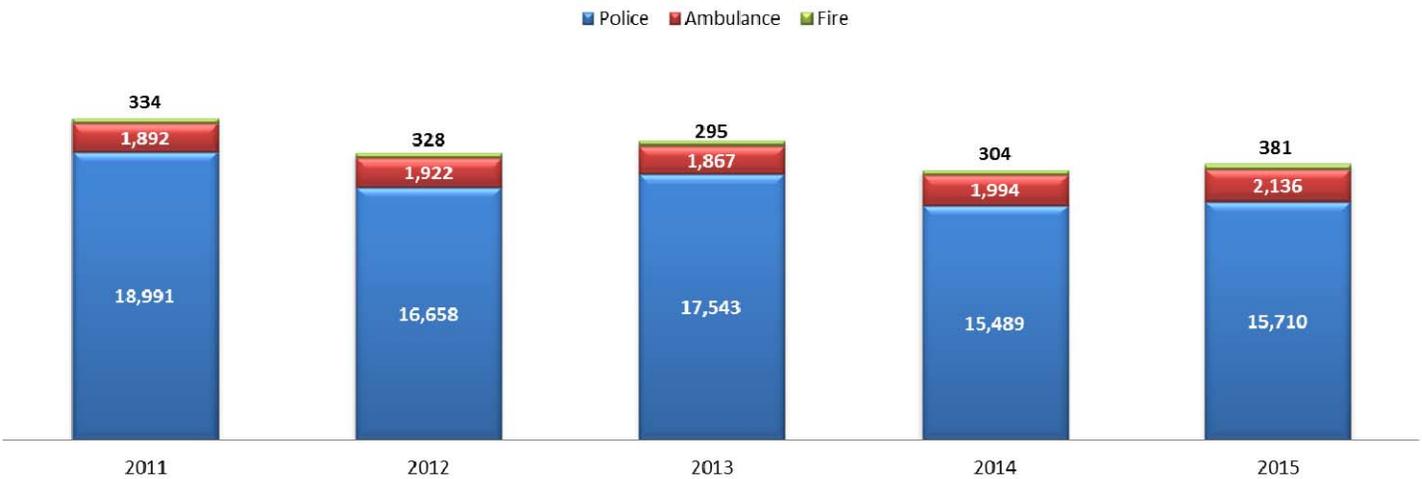

# COMMUNICATIONS DIVISION

Calls for Service	2014	Avg Per Day	2015	Avg Per Day	% Change
Police	15,489	42.44	15,710	43.04	+1.43%
EMS	1,994	5.46	2,136	5.85	+7.12%
Fire	304	0.83	381	1.04	+25.33%
<b>TOTAL</b>	<b>17,787</b>	<b>48.73</b>	<b>18,227</b>	<b>49.94</b>	<b>+2.47%</b>

\*\*Total CAD Incidents for 2015 were 18566 which was then filtered for meal breaks, meetings, mileage reports, equipment testing, training and vehicle maintenance. It should also be noted that some calls for service may result in police, fire, and ambulance or some other combination of disciplines being dispatched. For example if police, fire and ambulance were all paged to a vehicle accident, each discipline would receive credit for the incident in their statistics.

### Incidents by Time of Day

In 2015, the Communications Center received a remodel and upgrade to Next Generation 9-1-1 equipment. Next Generation 9-1-1 is an IP based operating system which will allow photos and text messages to be integrated into 911 calls. The Cameron Communications Center will also be one of two back-up locations for the ACCD 9-1-1 System. The remodel of the Communications Center has been completed in conjunction with the City's utility partner Ameresco and partially funded by savings created by their facility upgrades.

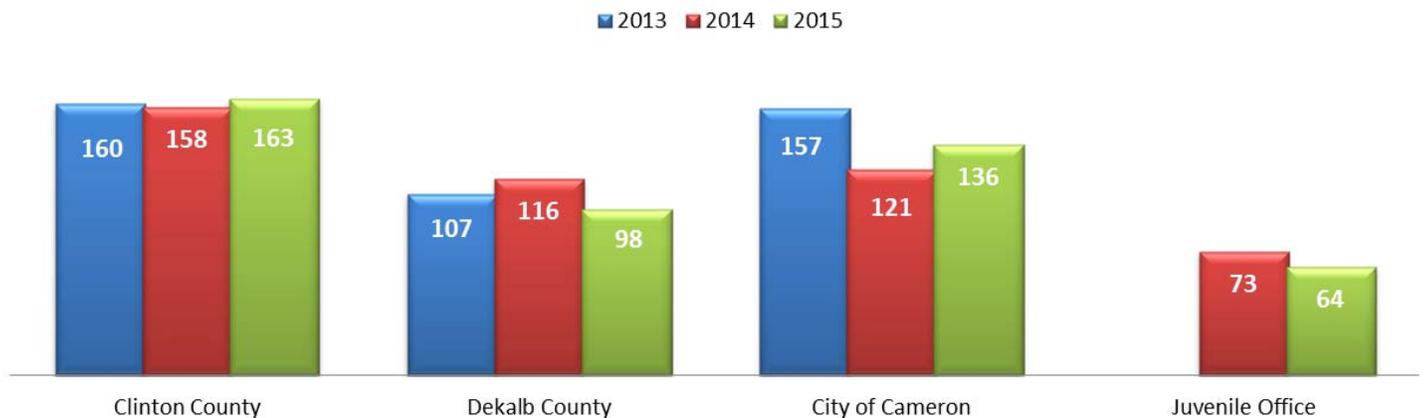

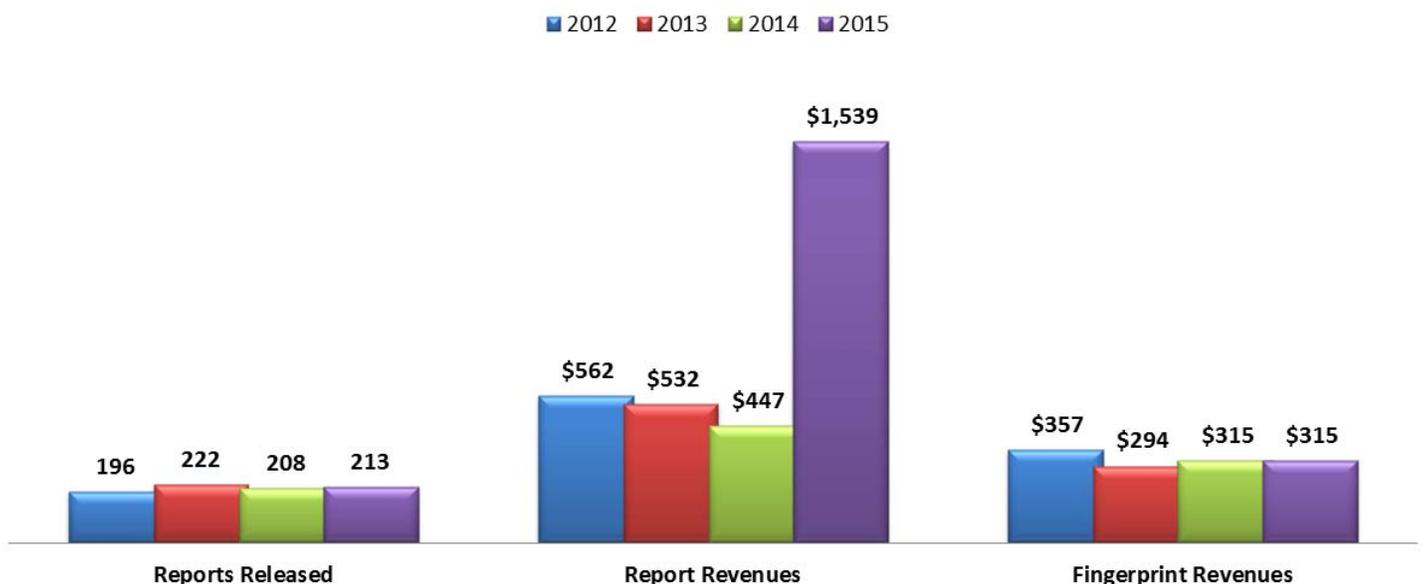

# RECORDS DIVISION

The Records Clerk performs statistical analysis, clerical, customer service and departmental liaison duties. The Records Clerk assists the public, other agencies, and prosecutors who request information, copies of reports, or other assistance as necessary. Each case file requested for dissemination must be evaluated for availability via the Missouri Sunshine Laws and/or Missouri Rules of Criminal Procedure. This position provides the final ‘proof’ for case files before they are forwarded on for prosecution. The records clerk maintains all case and arrest files from their creation through their destruction or transfer to long-term storage.
